

## WORMWOOD COMPLEX

*Artemisia absinthium*

Wormwood is known to antiquity and is even mentioned in the Bible. Its very name suggests its most well-known property: it destroys worms.

The leaves are greenish silvery-grey and quite bitter. It is used to counteract fevers, regulate the liver and menses, as well as to treat anemia and arthritis. Wormwood complex is also a vermifuge (agent used to expel worms from the body), as well as a stimulant to the gastrointestinal tract.

### OXYGEN-WELLNESS CO.

#### WORMWOOD COMPLEX

includes *A. absinthium*, male fern root, tansy herb, quassia chips, mullein leaves, fennel seed and cascara sagrada bark in a 500 mg. gelatin capsule.

**DOSAGE:** Take before meals.

Day 1: 1 capsule once per day.

Day 2: 2 capsules once per day.

Day 3: 3 capsules once per day.

Continue increasing to Day 14, followed by 2 more days of 14 capsules, after which 7 capsules twice per week until 60 days.

### Daily Dosage Summary

| Product              | Day 1     | Day 2      | Day 3-10   | Day 11-60  |
|----------------------|-----------|------------|------------|--|
| CLOVES               | 1 cap/3x  | 2 caps/3x  | 3 caps/3x  | 3 caps/1x  |
|                      | Day 1     | Day 2      | Day 3      | Day 4-60   |
| BLACK WALNUT EXTRACT | 1 drop/4x | 2 drops/4x | 3 drops/4x | Continue to 20 drops/4x, then 20 drops/1x                                    |
| WORMWOOD COMPLEX     | 1 cap/1x  | 2 caps/1x  | 3 caps/1x  | Continue to 14 caps 1/x, then 2 more days of 14 caps/1x, then 7 caps 2x/week |

*Note:* Children follow the same parasite program as adults. But do not increase their dosage beyond one day for each year of age. For instance a six year old would not continue to increase the dosage beyond day 6. Children still stay on the parasite program for 60 days.

eating  
you?  
PARASITES.

What's eating parasites?

...Oxygen-Wellness Products!

Oxygen-Wellness Co.

**PARASITES.** The very word makes us wince. Native peoples, including the native Americans, knew these small creatures can inhabit the human body. Today, we know them as *fasciolopsis buskii*, *ascaris*, *eurytrema*, *strongyloides*, *dirofilaria* - the causative agents for eczema, seizures, diabetes, migraines, heart disease and, most devastatingly, cancer. **Their outward signs are all too familiar - itchy nose and ears, grinding of teeth, nailbiting, or blue circle around the eyes.**

Native peoples also knew how to get rid of them - with herbal remedies. Today, we've lost this knowledge as we succumb to an

ongoing array of diseases for which modern medical science can only stand by helpless.

But *you* don't have to. You can rid your body of over 100 types of human parasites by using the three main remedies honored by antiquity - *cloves*, *black walnut* and *wormwood*. **When used together as a single treatment**, these powerful herbs virtually assure the destruction of every life cycle of parasitic organisms - egg, larva and adult worm. All of these products are available from O-W & Company in full-strength, easy-to-take form.

Don't let parasites destroy your health - destroy *them* with O-W.

## CLOVES

*Carophyllus aromaticus*

The clove is an evergreen tree, native to the Spice Islands, the Philippines, Sumatra and other tropical locales. Its flowers are red and white, bell-shaped, and grow in terminal clusters. When dried, they form the familiar clove buds of the kitchen.

Cloves are used as a stimulant, anti-nauseant, expectorant and antiseptic. Taken orally, they are lethal to the eggs of flukes and parasites, preventing hatching and further species propagation. They also stimulate and disinfect the kidneys, liver and bronchial

mucous membranes. To release their parasite-killing properties, cloves must be fresh and ground to a powder.

**OXYGEN-WELLNESS CO.**

**CLOVES** are fresh-ground, whole cloves in 500 mg. gelatin capsules.

**DOSAGE:** Take before meals.

Day 1: 1 capsule 3 times per day.

Day 2: 2 capsules 3 times per day.

Days 3-10: 3 capsules 3 times per day, after which take 3 capsules once per day until 60 days.

## BLACK WALNUT

*Julans nigra*

The black walnut is a temperate deciduous tree found in the forests of the eastern U.S. Its medicinal parts include bark, leaves and rind.

The rind surrounding the fruit is tough and green. It contains organic iodine, which is antiseptic. It is also a strong parasiticide, but only in the green stage - once the rind falls to the ground and turns black, it is impotent. The rind is extracted with grain (ethyl) alcohol to form a tincture.

**OXYGEN-WELLNESS CO. BLACK WALNUT** is a grain-alcohol extract (45%) with extra strength of 1:1 (8 pounds of plant per gallon of extract), supplied in a 2 fl. oz. dark bottle.

**DOSAGE:** Take before meals.  
Day 1: 1 drop 4 times per day.  
Day 2: 2 drops 4 times per day.  
Day 3: 3 drops 4 times per day.  
Continue increasing to Day 20, after which 20 drops once per day until 60 days.
